Press Passes

Media may apply for a press pass to gain access to the conference technical sessions.

This may be done on-site at the Registration Desk by presenting media credentials, such as a business card, ID card, or equivalent.

Media may advance register by forwarding scans of their credentials to: "Press Pass <oceansreg@ieee.org>". Please include:

> Name:
> Title:
> Publication or Agency:
> Address, City, St, and Zip:
> Mobile number:
> E-mail:
> When arriving:
> Specific requests:

Media must present credentials when they pick-up their pre-registration packet or when they register on-site.

Press Room

A limited **Press Room** will be available with press releases, media alerts, plus tables, chairs and power strips for media to work. A conference staff member will be in attendance to answer questions or provide assistance. The Press Room will share the same area as the Speaker Ready Room.

This process makes conference organizers aware of media presence to help with any background information, or conference contacts. Conference organizers can assist media with introductions to the Presidents of the Societies, the General or Technical Program Chairs for statements, or individual speakers.

For further information, please contact: Alicia Zupeck, CMP, Supervisor, Event Management Services IEEE Meetings, Conferences, and Events (MCE) <a.zupeck@ieee.org>.

Welcome to Oceans'13 San Diego!
